ADVANCED STRUCTURES, MATERIALS AND ELECTRICAL SYSTEMS

THE 2ND INTERNATIONAL CONFERENCE ON ELECTRICAL AND POWER ENGINEERING ICPE-CA & THE 1ST INTERNATIONAL EXHIBITION ON INNOVATION IN ELECTRICAL AND POWER ENGINEERING

May 9th-12th / Tulcea, Romania

JOIN US

ICPE-CA invites you to attend the 2nd International Conference on Electrical and Power Engineering ICPE-CA "ADVANCED STRUCTURES, MATERIALS AND ELECTRICAL SYSTEMS" ASMES`2024 and the 1st International Exhibition on Innovation in Electrical and Power Engineering organised by the National Institute for Research and Development in Electrical Engineering ICPE-CA Bucharest in partnership with the National University of Science and Technology Politehnica Bucharest, the Romanian National Committee of the World Energy Council and The Danube Delta National Institute for Research and Development (DDNI).

ASMES`2024 conference, the 2nd in the series of electrical engineering conferences started by ICPE-CA in 2019, will integrate new topics in power engineering and sustainable mobility and introduces an exhibition of innovation with associated awards as a recognition of institutionalised research in electrical and power engineering in Romania.

TOPICS

1. Renewable energies and energy efficiency
2. Sustainable mobility
3. Electrical systems
4. Advanced and Smart materials
5. Environmental engineering and circular economy

DEADLINES

Abstract registration: 7th of February 2024

Abstract acceptance: 15th of February, 2024

Paper registration: 1st of March, 2024

Notification of acceptance: 22nd of March, 2024
