

International Conference  
Computational Methods in Engineering Science

CMES'19

21<sup>nd</sup>-23<sup>th</sup> November 2019, Kazimierz Dolny, Poland

Registration and abstract submission: 10th May 2019

Full paper submission: 15th June 2019

Notification of paper acceptance: 15th September 2019

Deadline for participation fee: 15th October 2019

Conference: 21-23 November 2019

Dear Sir or Madam,

We would like to invite you to participate in the IVth International Conference of Computational Methods in Engineering Science (CMES), which will be held on **21-23th November 2019 in the Kazimierz Dolny, Poland.**

The main objective of the CMES conference is development of engineering sciences, numerical and experimental techniques, broaden experience and good practices by representatives of the scientific community and industry. The conference allows the exchange of knowledge between different research domestic and foreign centres representing various fields of engineering science and technology.

THOMSON REUTERS  
WEB OF SCIENCE

CMES'19 will include a technical program consisting of the following topics:

- Analysis of engineering processes
- Application of computer programs in technology
- Artificial and computational intelligence
- Computational fluid dynamics (CFD)
- Computer simulations of processes and phenomena
- Finite Element Method (FEM)
- Material properties and structure research methods
- Production engineering and quality control

The publications will be published in the peer-reviewed conference proceedings available online as open access with DOI number. They will be submitted to the **Web of Science** and **Scopus** indexing.

The CMES 2019 conference participation fee is **400 €**.

Thank you for familiarizing yourself with the message. Simultaneously, I kindly ask you to pass the information on the Conference to your colleagues, as well as students and Ph.D. students, the scientific interests of whom are parallel with the above-mentioned subject matter.

Yours sincerely,

*Monika Kulisz*

Monika Kulisz, Ph.D., Eng.  
Chair of the Organizing Committee CMES'19
